

Office of Career Services

Student Internship Policy 2025-26

Office of Career Services (OCS), IIT Delhi welcomes all eligible students to participate in the Internship Process for the academic year 2025-26. IIT Delhi extends all support to try to ensure that students are given the opportunity to streamline their career interests.

OCS continuously endeavors to ensure that IIT Delhi continues to be the most favored destination for recruiting organizations. This is possible only with the assistance and full co-operation of all students.

To maximize the sum of benefits to all the stakeholders, the Internship Policy for the students has evolved over the years. To realize a win-win situation for IIT Delhi and our partner organizations, all students are mandatorily required to understand the Internship Policy and follow it strictly. It may be noted that some policy changes may take place during the year in the best interest of the institute.

The student policy is applicable to all students of IIT Delhi and is to be followed during the entire duration of the internship season.

Important Guidelines

1. Students need to follow departmental norms for getting the training approved by the DPE committee as per departmental norms prior to leaving for the internship in case they wish to be graded for it. In all cases, for award of non-graded design units, after completion of the internship, the work must be evaluated by the DPE committee of the student's department or the institute level DPE committee as the case may be. The decision of the DPE committee would be considered final and binding for grading of internships. Internships for Design units are permitted as per the formats specified in Courses of Study.
2. If selected during internship hiring process in a firm, the student is liable to go to the firm for internship, violation of which shall attract strict disciplinary action from OCS, least of which being debarred from placements.

Eligibility & Registration

1. OCS shall facilitate upto a maximum of two internships for a student during the entire degree at IIT Delhi. Internships are permitted in industry, research laboratories or academic institutions involved in research, development and/or technology transfer.
2. Summer internships are allowed in the summer after the completion of 4th registered semester or later for an undergraduate student. Consequently, such students are allowed to

appear for the internship hiring processes after the completion of 2nd registered semester or later.

3. Summer internships are allowed in the summer after completion of 2nd registered semester or later for postgraduate students (MSc, MPP and MDes). Such students are allowed to appear for the internship hiring processes after the completion of 1st registered semester or later.
4. Summer internships are allowed in the summer after the completion of 8th registered semester or later for an undergraduate student enrolled in Advanced Standing. Consequently, such students are allowed to appear for the internship hiring processes after the completion of 6th registered semester or later.

CV Related

1. Eligible students are required to create their CV on the OCS portal and also upload their photograph in the space provided.
2. It is expected that a student does NOT add any ambiguous/wrong/fraudulent/misleading information in his/her resume. Resume checks shall continue throughout the placement process. If, on verification at any stage, any discrepancies are found, the student shall be debarred from all OCS processes subsequently. This shall also attract strict disciplinary action. If found after selection, the same shall be communicated to the recruiting organization and the case shall be recommended for strict disciplinary action as per institute norms.
3. Students are required to adhere to the CV Guidelines uploaded on the Website and Portal.

Application Process

1. All applications to the companies are to be made through the online system of the OCS, IIT Delhi only. If a student does not apply on the OCS portal for a particular company and appears for the process of a company without prior permission, he/she shall not be allowed to participate in the selection process of that and subsequent companies.
2. A student can apply to a maximum of 50 companies. The applications shall be increased at a later stage during the year.
3. OCS is not responsible if a company decides to reject a student application based on pre-placement talks/presentations/workshops attendance, which may be shared if companies ask for it.
4. All students are advised to check the company profile and background of each company thoroughly before applying. Kindly make informed decisions BEFORE applying to any company on campus. OCS would NOT be liable for any default from the company's end at any stage later.

Withdrawal of Application

1. The student may withdraw his/her application from a company on campus subject to the following rules and regulations:
 - The student can withdraw his/her application to a company ONLY if the last date of application to that particular company is NOT over. There can be no withdrawals done after this date.
 - The student may withdraw from any or all companies without any limits, but only before the last date of application to the company(s) concerned.
 - The student may also reapply to a company that he/she had earlier withdrawn from, provided he/she has not exceeded his/her application quota & application deadline for the company is not over.
 - After the last date of application, all rules and regulations (including absenteeism penalty if applicable) mentioned in the section 'SELECTION PROCESS' shall be valid.

Attendance & Absenteeism

1. In case of emergency, students are required to fill the Leave Application Form (LAF) on the portal before the process. Relevant proof needs to be attached with LAF for missing the event, which includes:
 - IIT Delhi medical certificate for medical reasons
 - Email from the course coordinator for academic clashes
 - Relevant proofs as per the reason
2. For every missed pre-process/process (without LAF), the following policy shall be applicable:

Offense	Penalty
1st No-Show	1. Applications limited to 15 (Student shall be allowed to participate in processes of profiles already applied to) 2. Warning email
2nd No-Show	1. Applications limited to 5 (Student shall be allowed to participate in processes of profiles already applied to) 2. Temporary ban from applying to companies for 7 calendar days
3rd No-Show	1. Permanent ban from applying to companies for the session

Selection Process

1. Each eligible student shall be required to fill up his/her individual preferences in advance for each interview slot on their login, ranking all the profiles he/she has applied to for a particular slot (1 being highest preference and so on). The preferences are editable till a day prior to the interview slot by 23:59 hours or as notified. Students can view their preferences up to the edit deadline as notified by OCS, and the preferences are visible only to the students on their logins. In case a student does not fill the preference order for a placement slot, then the allotment shall be done by the electronic system and it shall be binding.

2. Students shall receive the interview slots for the first round interviews of the profiles they have been shortlisted. Students can appear for a maximum of four first-round interviews during a particular slot. Students may not necessarily be slotted for all profiles they have been shortlisted for.
3. In case a student gets selected in two or more profiles during the same slot, the profile ranked higher in the preference order of the student shall be the one where the student would be finally considered placed. Waitlists shall be converted to selections as per the profile-wise priority order of waitlisted students given by the recruiter.
3. In case a student is selected in one profile and waitlisted in another profile during the same slot, the selection shall be considered, irrespective of the second profile being ranked higher or lower in the preference order of the student. In case a student is not selected in any profile during a particular slot but waitlisted in multiple profiles with the possibility of one or more waitlists being converted to a selection, the profile ranked higher in the preference order of the student shall be considered.
4. Selected students shall be able to view their final offer on their logins. Once selected, the student does not have the choice to reject the offer. The offer shall be automatically accepted at the end of the slot.
5. Students are advised not to sign offer letters under any company's pressure before the offer is accepted on the online portal. Any cases of pressure from companies may be reported to OCS authorities.
6. Once selected, the students shall NOT be allowed to continue to appear for the interview processes of the other profiles in subsequent slots.
7. In case a company does not update its final selection list on the same slot it visits the campus, then the students shall be allowed to appear in other companies visiting on subsequent slots till they finally get selected. However, if a student has already been selected by a company that visited in the subsequent slot and the company that deferred its decision also makes an offer to him/her later on, then:
 - In case more than one result of selected student(s) is announced in the same slot, then the student shall be given an option to choose between the offers received on that slot.
 - In case the result of the company (which deferred its selection process) gives its result on a slot later than the slot when the student was selected by another company, this late offer shall be considered not valid and the company would be informed accordingly.

Off-Campus Applications

1. Students are strictly prohibited from making any contact with organizations listed on the portal under the tab titled - Previous JNF/INF. Students securing off-campus internships at the organizations which are not listed may choose to get their offer converted to an on-campus offer by informing. This shall only be possible if the student has not secured an on-campus offer. In case the student has secured an on-campus offer, the student is liable to

go to the firm for the internship, violation of which shall attract strict disciplinary action from OCS, least of which being debarred from placements.

2. Students found promoting or applying to the companies blacklisted by OCS at any point of time during the year, would be debarred from all OCS processes and shall face strict disciplinary action.

Pre-Placement Training Offers (PPTO)

1. Students who are eligible for the current internship hiring session and have also secured an internship during the previous internship hiring session are allowed to be offered a Pre-Placement Training Offer (PPTO) by the former company.
2. In case the student does not wish to accept the prospective PPTO, the candidate has the authority to pre-reject it by emailing OCS before the official end date of the internship. If done, the student shall be considered as a normal student for the current hiring session and be allowed to apply for all companies they wish to, as per the standard application limits. The company shall be informed about the pre-rejection.
3. In case the student does not pre-reject the PPTO and is offered PPTO, the student is required to communicate the acceptance/rejection before July 25, 2025 or within one week of the release of PPTO (whichever is later). If the student accepts, they shall be considered out of the internship hiring session, and PPTO shall be considered as the final offer for the session. If the student rejects, they shall be allowed to appear for the companies visiting upto the slot of the company. If no decision is communicated within the stipulated time, PPTO shall be deemed to be accepted.
4. In case a company gives a deadline for deciding on the PPTO status (which is less than a week), the company deadline shall be taken as the date for communicating the decision.
5. In case the company offers a Pre-Placement Interview (PPI) instead of PPTO, the student may choose to accept or reject it as per the deadline rules mentioned in (3) and (4). If the student accepts, the student shall be directly considered as interview shortlisted for at least one of the profiles of the company, as specified by the company, in the current internship hiring session. If the student rejects, no action shall be taken, and the rejection shall be communicated to the company.

Interaction-based Training Offers (IBTO)

1. Companies may choose to offer internship opportunities to students on the basis of interactions such as competition, hackathons, etc. In such cases, the company shall be required to communicate the necessary details to OCS.
2. Interaction details shall be floated among the students by OCS, along with the tentative result declaration date as given by the company. In such cases, when organizations make an offer based on the interactions, the following procedure shall be followed:
 - a. The student is communicated about the offer.
 - b. The student has the option of registering for the session and applying to companies.
 - c. The company will be slotted as per campus norms.

- d. The student is eligible to sit for all companies till the last slot of the company / deemed slot if the company is not registered on the OCS portal by July 25, 2025.
- e. If the student does not get an offer before the last slot of the company he/she has an interaction-based offer from, his/her interaction-based offer shall be uploaded in the slot of the company as decided in 3 above. In case of any other offer during the same slot, the preference system shall be followed.

Remote Internships

1. Remote internships shall be allowed, given that the students do not pursue any other internship during the official internship period.
2. Students getting remote internship offers shall be eligible to participate in further process and the remote internship offer shall be superseded if the student gets an in-person internship offer.

Student Conduct and Disciplinary Guidelines

1. Students are expected to behave with the companies in a courteous manner and should not argue with the recruiters and maintain decorum even under provocation. No discussion with the recruiters regarding selections/selection process should be done.
2. If there are any behavioral problems from the recruiter's side that students face, kindly inform the OCS immediately. Do NOT take action from your end. If there are any behavioral problems reported against any student, appropriate disciplinary action shall be initiated.
3. No cell phones are allowed in a test or any shortlisting/selection process. The process holds the same sanctity as any of the IIT minor/major exams and the candidate shall be debarred from further OCS processes if found violating it.
4. Impersonation in tests or any kind of malpractice is a serious offence. Seating in tests in physical/offline mode shall be pre-defined by OCS, any violation shall be considered as malpractice and the student is liable to be deregistered immediately and also shall be referred to the concerned authorities for disciplinary action.
5. Students appearing for any tests/GD/presentation should be present at least 10 minutes prior to the start of the process. Any late entries more than 5 minutes of the commencement and/or early exits more than 5 minutes before the end shall be flagged and considered as an attempt to malpractice, leading to an appropriate investigation with possible involvement of the company.
6. Students must refrain from contacting personnel of such companies when they are on-campus. Violation of this shall attract deregistration and suitable disciplinary action.

General Advice

1. Students must carry their I-cards at all times during interviews & screening tests. No one would be allowed to enter the test/interview venue without the I-card.

2. The date/time/venue of the interviews shall be subject to changes which, at times, may be at a short notice. Students must keep themselves well informed by visiting the Notification section of OCS website.
3. Students must carry a complete file with a few copies of the CV(s), original certificates (if possible) and copies thereof while appearing for the interviews.
4. At the time of appearing for interviews, students MUST carry copies of the OCS CV(s) only as submitted to that company online. Discrepancies in resumes are not appreciated by companies and may become a cause for rejection.
5. OCS is not liable for any visa-related issues.
6. Semi-formal dress code to be followed on normal working days and formal dress code during placement activities.
